

ASKS \$10,000 FOR LOSS OF HUSBAND

Widow of John Davis Enters Suit Against Owners of Schooner.

NORFOLK, VA., July 9.—Eva B. Davis, administratrix of John R. Davis, deceased, instituted in the United States court here to-day libel proceedings against the schooner Baker Palmer, Captain Smeed, and the tug Edna V. Crew, Captain Jackson Miller, claiming \$10,000 damages on account of the death of her husband. Bond of \$12,000 was given by William F. Palmer, managing owner of the schooner, which was released.

The legal proceedings are the result of the collision between the schooner Baker Palmer and the tug Edna V. Crew, which occurred on the night of June 21 last. At the time the Palmer was in tow of the tug crew, which is owned by Joseph M. Clark, of this city, and the tug was being towed by the tug Portmouth, of the New York, Philadelphia and Norfolk fleet.

It is alleged that Davis, who was employed as a deckhand, was asleep in his room on the deck of the barge when the vessel came together. The room was destroyed and Davis was thrown to the deck and underneath a freight car, which had been set in motion by the impact. The wheels of the car passed over one of Davis's arms, severing the member. Davis's death followed at St. Vincent's Hospital here the next day.

PREACHER JILTED AT ALTAR FOR OLD LOVE

As 200 Wedding Guests Await Her Coming, Bride-Elect Culls Off Ceremony.

MATTOON, ILL., July 9.—While her fiancé, Rev. Joseph Snodgrass, waited at the altar beside the clergyman, and the wedding guests craned their necks to get a first glimpse of the bride, Miss Fannie Doty changed her mind about becoming the wife of the preacher, and sent her father to inform the guests that the wedding had been postponed indefinitely.

The announcement of Miss Doty's engagement to Rev. Mr. Snodgrass, of Hammond, Ind., was made several months ago, and preparations for the wedding have been going on for three weeks. The ceremony was to be performed at the home of the prospective bride, who is a daughter of Marion Doty, a wealthy farmer, six miles east of Mattoon.

The affair was to be the most elaborate social event in the history of Coles county, and more than 200 guests had been invited. Most of them were at the Doty residence last night. At 8 o'clock the Rev. Mr. Snodgrass and the minister who was to perform the ceremony entered the parlor. There was an embarrassing wait for the bride, and when one of the groomsmen was sent to ascertain the cause of the delay he returned with the girl's father, who announced the postponement. The guests departed, and the wedding supper went untasted.

The Rev. Mr. Snodgrass returned to his home in Hammond Street without commenting on the postponement and Miss Doty refused to say why the ceremony was not performed.

The girl's friends say the preacher was jilted at the last minute for an old sweetheart with whom Miss Doty had quarreled previous to her engagement.

AUTO'S VICTIM WEDS HIS FAITHFUL NURSE

Man Was Injured in Accident Which Cost First Wife Her Life.

POTTSTOWN, PA., July 9.—A. Wayne Emery, a wealthy business man of Kimberton, was married to Miss Florence Gregory, trained nurse, formerly at the Pottstown Hospital.

Emery was a patient in the hospital for several months as the result of an automobile accident, in which his wife and child were killed, as well as two other occupants, he being the only one to escape death.

Miss Gregory was Emery's nurse, and the wedding at Harrington, Del., was the culmination of the romance.

Emery's legs were broken and he also received internal injuries. It was due to Miss Gregory's faithful nursing that he lived.

NO CHANCES WITH LAWYERS

That Is Why She Wouldn't Tell Where She Kept Her Money.

NEW YORK, July 9.—In Jersey City yesterday a hearing in bankruptcy was held in the office of Referee E. A. S. Mann to determine the disposal of a house at 1029 Garden Street, Hoboken, transferred by Bernard Braunstein, a jeweler, to his mother-in-law, Mrs. Marc C. Bondovsky, of Somerville, N. J., just prior to his going into bankruptcy.

Mrs. Bondovsky was questioned about where she kept her money. "In my house," she answered. "What part of the house?" she was asked. "I will not tell."

"Are you afraid that we will go out there and break in?" asked a lawyer. "Well," she replied, "I do not care to take any chances."

The answer caused much laughter. Later the woman said she kept most of her money in the house and a small check account to pay household bills.

QUIETING EFFECT

Presence of Troops Prevents Outbreak of a Riot.

GLACE BAY, N. S., July 9.—The presence of troops at the collieries of the Dominion Company has a quieting effect on the strike situation to-day, and there was no interference on the part of the striking miners belonging to the United Mine Workers with any of the men of the Provincial Workmen's Association who desired to go into the mines. Six of the eight mines were in operation according to a statement by company officials here today. No demonstrations of any kind occurred during the day.

SCOUT CARS PICK NEW LOUISA ROUTE

(Continued from Page One—Column 2.)

Owners of motor cars. To J. L. Saunders belongs the credit of pointing out the route which would be a ridge, in perhaps, the best natural highway in this section of the State.

Known as "The Old Mountain Road," the route runs from the Ellett Crossing on the Richmond, Fredericksburg and Potomac, and passes and ends at Brick House on the Louisa road. For any one who desires a sixty-mile run without going and returning the same route, there is nothing better within striking distance of this city.

Here is the route which from its shape might be called "The Leaf." Leaving Richmond, the route is to Yellow Tavern, the end of the stem; then to the right, past Stuart's Monument, to the left, and follow the Telegraph road, passing Ellett's Crossing and a small stream; turn to the right and cross a long bridge near a mill, continue a mile and a half, big gum tree turn short to the left, crossing a telephone line of two wires; keep this road, passing Oliver's, Coates's, Oakland, Jones's X Roads, Harris's store, to Brick House, the tip of the leaf. The road is reached, but instead of following the Louisa road, take the left fork and follow the right and cross a long bridge, Squirrel Bridge, Chickahominy Bridge, Glen Allen and Yellow Tavern. The entire distance is sixty-five miles, and the route is a good one for a day's ride.

THAW MOTION DENIED

Insanity Hearing Not to Be Removed to New York County.

NEW YORK, July 9.—Supreme Court Justice Gaynor to-day denied the motion recently made before him for the removal of the Thaw insanity hearing from Westchester county to New York county. Harry K. Thaw, who killed Stanford White, was brought on Monday last from Matteawan Asylum for the Criminal Insane, where he has been confined, to White Plains, where Supreme Court Justice Mills began taking testimony on Thaw's plea for release from the asylum on the ground that he is now sane.

Thaw has since, by Justice Mills's order, remained in the White Plains jail pending Justice Gaynor's decision in the application by the authorities of New York and Westchester counties for a removal of the hearing to New York county and the jurisdiction of District Attorney Jerome.

DIVORCES ALDRICH'S SON

Senator's Former Daughter-in-Law Receives \$10 a Week Alimony.

PROVIDENCE, R. I., July 9.—Mrs. Mary Larned Aldrich got a divorce yesterday from Edward Burgess Aldrich, oldest son of Senator Charles W. Aldrich, and brother-in-law of John D. Rockefeller, Jr. Mrs. Aldrich began proceedings five years ago, and after a long and bitter fight, she won. He sued in turn, but his suit was unsuccessful. Mrs. Aldrich charged that her husband treated her with extreme cruelty.

The divorce gives to Mrs. Aldrich the custody of her little daughter, Susan, 11, who provides her with a weekly alimony. The Aldrichs were married on Thanksgiving Day. Mrs. Aldrich was formerly Miss Mary Larned, daughter of an old Rhode Island family.

Miss Alice G. Aldrich, sister of the bridegroom, and later the bride of John D. Rockefeller, Jr., was bridesmaid for Miss Larned at her wedding.

GOOD ROADS CARS READY TO LEAVE THE CITY

Citizens Will Subscribe

Editor of The Times-Dispatch: Sir—It seems to me a good auto road from Richmond to Fredericksburg could be gotten by taking the route from Taylorsville to Hewitts, across the North Anna at Dillard's Mill and then to Chiffersburg, thence to Parlowa, thence to Mt. Pleasant, thence to Spotsylvania Courthouse and to Fredericksburg, giving a ridge road all the way. Many citizens would subscribe money and work to this road. Would be glad if you would send a car over that route. Will pilot you any time, as my son owns a car.
